Project OASIS, for Montclair Township teenagers, is in its sixteenth year. This free summer program provides a positive alternative for Township youth. Students receive instruction each evening and then participate in organized sports. Certified teachers work with the students in the enrichment and tutorial sessions that are matched to each participant's needs. The organized sports program has proven to be a major attraction of the program that is now serving over 150 of our youth. Stop by Glenfield School and Park evening to see the program in action. Visit www.MontclairMNDC.org for more information.
