Building our future....one person at a time

BWPIF Needs Your Help!! After-School Tutors

The demand for our popular after-school tutoring program continues to outstrip available tutors. Once again we have children on our waiting list.

If you would enjoy helping a child gain the confidence he/she needs to be a stronger student, we are in need of your time and talent one day a week for up to two hours during the time slots listed below. The current need is for volunteers capable of tutoring middle and high school math or language arts as well as a volunteer to work with second graders..

**Call Vicki Paulson, Program Director, at 973-558-1283
or call the office 973-746-0553 for more information.**

- **Monday: 4 tutors needed (math and language arts) 3:00 - 5:30**
- **Thursday: 4 tutors needed (math and language arts) 3:00 - 5:30**
- **Volunteer for second graders (time and day TBD)**

You can make a difference!
